Dear Friends:

Thank you for your generous support of our bond campaign, Friends of the Los Angeles Community Colleges, Proposition J. On behalf of all of our Trustees and Presidents, we are all very grateful for your contribution.

This \$3.5 billion dollar construction bond will enable us to continue making much-needed repairs, and move forward on our facilities master plan for our outstanding nine community colleges. More importantly, it will enable us to provide training to the workforce of Los Angeles, and provide our students with high-paying jobs. Our polling indicates strong support for this effort, and we are confident that we will be able to pass this important measure in November.

Thank you again for your help and belief in our community college system.

Sincerely,

Mark Drummond
